

# HBI C-Core Coach Interest Form

*Would you like additional information about becoming an HBI C-CORE mentor? Becoming a mentor will provide you with an opportunity to bring out the potential success of youth in your community! Our mentoring is unique because it matches youth with different mentors from the home building industry who will offer support, guidance, and good examples to follow while coaching them to reach their potential goals.*

The Home Builders Institute (HBI) Construction-Coaching Opportunities to Reach Employment (C-CORE) is an industry sponsored mentoring opportunity that serves youth with potential, ages 16 to 18, with the aim of improving job placement and retention in careers associated with the home building industry. More specifically, C-CORE is designed to reduce involvement in substance abuse, truancy and other risky behaviors. C-CORE mentoring is unique in that it matches youth who are participating in residential construction training programs or interested in the field with mentors from the industry or others interested in giving back to the community. The goal is to further strengthen young people's commitment to an eventual career in any aspect of the industry. As with other HBI programs, C-CORE will include youth involvement in local industry-focused community service projects that promote leadership development, community attachment and relationship building.

- Youth who meet regularly with a mentor are:
- 52 percent less likely to skip a day of school
  - 46 percent less likely to start using drugs
  - 27 percent less likely to start drinking
  - More trusting of their parents or guardians
