#### Training Qualifications:

These training programs are made possible through a Workforce Investment Act (WIA) grant administered by Nevadaworks. Training courses are available at no cost to workers who can provide proof of current employment at the time of registration/training. The Builders Association and its training partner, Clean Edison, will comply with the provisions of WIA and the "Jobs for Veterans Act" that creates a priority of services for veterans who meet the eligibility for participation in WIA programs. These training programs are governed by the compliance requirements as set forth in 29 CFR parts 31, 32, 34 and 37 with respect to discrimination and equal opportunity.
